

Langer Engineering and Missions Scholarship

***For engineering majors intending to pursue a career in missions.
You may apply for this scholarship in addition to other engineering scholarship.***

The Langer Engineering and Missions scholarship is awarded annually to a student who has demonstrated a commitment to learning, leadership, and cross-cultural service.

Requirements

1. Recipients must be majoring in engineering with an emphasis on missions work. Priority is given to students pursuing electrical engineering.
2. Each recipient shall be a professing Christian who acknowledges having received Jesus Christ into his or her life as their personal Savior.
3. Each recipient shall demonstrate and maintain a high level of academic excellence.

Application Process

Deadline: March 12, 2012.

Complete the items listed below.

1. Complete the Langer scholarship application form (next page).
2. Write a 300-500 word essay, as described below.
3. Include an unofficial SPU transcript (print out from Banner).
4. Send a complete FAFSA financial aid form to SPU.

Return the completed application form by the deadline to Dr. Kevin Bolding.

Essay (300-500 words): Discuss how you see yourself fulfilling God's plans in your life through the engineering-based missions. Why do you study engineering? What do you hope to achieve in the future through engineering? Give some examples of experiences you've had that excite you about your future as an engineer in the mission field. Explain how you participate in activities that prepare you to be a servant-leader, especially those that involve cross-cultural service. Let us know as much as possible about how you envision yourself becoming an excellent engineer in the service of God.

Notification

Engineering scholarship recipients will be announced in April.

Langer Engineering and Missions Scholarship Application

Deadline: March 12, 2012

Name: _____

SPU ID Number: _____

Email: _____

Intended major:

EE CPE General Engineering (emphasis _____) Physical Sciences (3:2) Transfer

Checklist:

____ Completed Scholarship Essay

____ Submitted FAFSA to SPU

____ Attached unofficial SPU Transcript

Send completed application form, transcript and essay to:

Dr. Kevin Bolding
Electrical Engineering Department Chair
