

ProTeach Support: Policies

Introduction: Seattle Pacific University offers a ProTeach Support Seminar.

The Seminar: The seminar is intended to be individualized, performance-based, and delivered site-based and online.

Accessibility: Since our seminar is online and accessible statewide, our students can continue with the program even if they move to a district/ESD in a distant location.

School of Education Conceptual Framework: Our ProTeach Support Seminar is also consistent with the School of Education conceptual framework and with the NCATE 2000 standards. Our mission is "to prepare educators for service and leadership in schools and communities by developing their professional competence and character within a framework of Christian faith and values."

Course Registration and Fees: For the site-based SPU ProTeach Support Programs across Washington the cost is \$125 per credit. The online SPU ProTeach Support Seminar cost is \$250 per credit.

If an applicant wishes to pursue a Master's degree, he/she must complete the Master's application process and meet the requirements for any School of Education Master's program prior to completion of the 4 credit ProTeach Support Seminar.

For further information: call the Center for Professional Education Office at 206-281-3520 or toll free at 800-589-4038 or email procert@spu.edu.
