

Engaging the culture, changing the world®

Seattle Pacific
UNIVERSITY

The CIB is delighted to host a technology conference at SPU June 22 and 23. [The Digital Society: Rethinking the Christian Commentary on Technology for the 21st Century](#) will gather a diverse set of people who are interested in rethinking the Christian commentary on technology for the digital/Internet era.

We believe the conference will start a new conversation blending the practical experiences of those who design, build, and direct the implementation of new technologies with important theoretical perspectives from academia.

Visit the [conference website](#) for additional information and registration. A limited number of seats are available. Don't miss this important event!

A Look Back at SBE's 2012 Visiting Scholar

Dr. Laura Nash spent three days on campus last month as SPU's School of Business and Economics 2012 Visiting Scholar. She met with undergraduates, graduate students, and SBE faculty members.

Dr. Nash also presented a very engaging lecture on "Success That Lasts" at the April *Kiros* Seattle breakfast. Excerpts from her book [Just Enough](#) may be found in an article titled "[Working Knowledge](#)" published by Harvard Business School.
